MARLBORO
Shorthorn Dispersion

DIAMOND H
Production Sale

Monday, November 16, 1970

SIOUX CENTER, IOWA

MARLBORO MEADOWSWEET 2nd
and Polled red bull calf by Gloriadale Supreme x. Our first by him. Lot 20 in sale.

Marlboro Farms
Shorthorn Dispersion

Harris Simons **Brandon, South Dakota**

Diamond H Shorthorns
Production Sale

H. Russell Held **Hinton, Iowa**

Guest Consignor—Warren E. Oetkin, Merrill, Iowa

100 LOTS SELL
Monday, November 16, 1970

At Tri-State Auction Co.

SIOUX CENTER, IOWA

General Information

TIME—Monday, Nov. 16, 1970. Sale starts promptly at 12:00 noon.

LOCATION—The sale will be held at the Tri-State Livestock Auction Co., pavilion located on the North edge of Sioux Center, Iowa on U. S. Highway 75.

TERMS—The terms of this sale are cash unless other arrangments are made in advance with the sellers and the sale manager is notified of the arrangements. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

MARLBORO GUARANTEE—All bulls are fully guaranteed, except those selling at foot of their dams. All bred females will be pregnancy examined and the results of that examination will be their guarantee. All cows with calves are considered proven breeders and no further guarantee is given. Open females and calves at foot are not guaranteed.

DIAMOND H and OETKEN GUARANTEE—All their cattle sold in this sale will be sold under the Standard Guarantee Recommended by the American Shorthorn Association.

LIABILITY—Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneers, clerk and sale manager have been employed by the seller for specific tasks not connected with the handling of the cattle or the condition of the premises and they accept no liability, legal or otherwise for the buying contract or for any accident. Every effort will be provided for the safety for those attending this sale but the seller cannot accept liability for injuries that may occur. All persons attend this sale at their own risk.

Statements from the block will take precedence over information given in the catalog.

HEALTH—All cattle will be sold according to the health regulations of the State of Iowa. Buyers must be aware of any variations between the laws of Iowa and their own states. Interstate health certificates will be furnished.

DIAMOND H SHORTHORNS has practiced calfhood vaccination for Brucellosis and all females are calfhood vaccinated accordingly.

THE MARLBORO HERD is in a T.B. and Brucellosis free area. It has passed an annual negative test for both diseases. Calfhood vaccination of females is practiced and all calves are vaccinated for Blackleg.

CERTIFICATES OF REGISTRY—Certificates or registry with transfers entered and recorded in the buyer's name will be furnished for each lot sold and for every calf at foot. An application will be furnished for every calf carried in dam. Where footnotes appear in this catalog they were furnished by the seller or written from information supplied by the seller. (Exception—Marlboro bull calves at foot will only be registered at buyer's request).

MARLBORO BREEDING DATES: For the first time this year, the Marlboro herd was not hand bred. Accordingly, we do not have specific breeding dates. Gloriadale Supreme x has run with the entire herd since his arrival at Marlboro in late October of 1969. To be sure they are in calf, all bred females will be pregnancy examined unless they are very obviously in calf.

DIAMOND H and OETKEN BREEDING DATES—Announcements from the auction block on sale day regarding their breeding dates are final and will take precedence over data in the catalog.

AUCTIONEERS—PAUL L. GOOD, Van Wert, Ohio. Tel. (419) 232-7591; DICK KANE, Wisner, Nebraska. Tel. (402) 529-6785; CLIFFORD BOGAARD, Orange City, Iowa. Tel. (712) 737-2219

SALE MANAGER—ALBERT J. HAMANN, Rock Rapids, Iowa 51246. Tel. (712) 472-3676.

C. D. SWAFFAR, Executive Secretary, American Shorthorn Assn., 8288 Hascall St., Omaha, Neb., Tel. (402) 393-7200.

HARRIS SIMONS, Publisher, The Shorthorn World, 16 So. Locust St., Aurora, Ill. 60506. Tel. (312) 896-8511.

GENE McDONALD, The Shorthorn World, 16 So. Locust St., Aurora, Ill. Tel. (312) 896-8511.

WADE HAUSER, JR., Wallaces Farmer, Ames, Iowa. Tel. (515) 243-6181.

GENE FITZGERALD, The Drovers Journal, 416 Cherry Hill Road, N. W., Cedar Rapids, Ia. Tel. (319) 365-7242.

C. K. TOMSON, Harding & Harding, Livestock Insurance, 200 S. 4th St., Geneva, Ill. Tel (312) 232-2100.

LARRY NORTH, The Shorthorn World, Western Office, 710½ Commercial St., Atchison, Kansas. Tel. (913) 367-2861.

INSURANCE—Will be available at the sale.

MAIL ORDERS—Those unable to attend who desire to buy may contact any of the above men all of whom will be in attendance. Late bids on sale day can be phoned to the Sale Manager who can be reached at the Tri-State Livestock Auction Co., Sioux Center, Iowa. Telephone: Area Code 712-722-0681.

LUNCH—A large new cafe is located in the Auction Market.

RESERVATIONS—A number of modern up-to-date motels can be found in Sioux Center. The Colonial Motel will be sale headquarters. Phone: Area Code 712-722-8111.

HERD INSPECTION—The sale cattle will be moved to the sale pavilion Saturday prior to the sale on Monday, Nov. 16. Prior to that everyone is welcome to inspect the cattle at the farms located as follows:

MARLBORO FARMS—Harris Simons, Owner, 8 miles East of Sioux Falls, S. D. on U. S. Highway 38, then 1¼ miles South to the farm. Or, for those coming from the East from Iowa or Minnesota, take U. S. Highway 38 West through Rowena, S. D., and travel ½ mile west to the first intersection. Then South to the farm. Tel (605) 332-0585.

DIAMOND H SHORTHORNS—H. Russell Held, Owner, 2½ miles South of Hinton, Iowa, or 12 miles North of Sioux City, Iowa on U. S. Highway 75.

FURTHER INFORMATION—For those wishing further information prior to the sale, contact the owners or the sale manager, as follows:

HARRIS SIMONS, 27 S. Calumet, Aurora, Illinois 60506, Tel. (312) 896-8511. (Night) Tel. (312) 896-7475.

H. RUSSELL HELD—Hinton, Iowa 51024, Tel. (712) 239-2070.

ALBERT J. HAMANN—Rock Rapids, Iowa 51246, Tel. (712) 472-3676.

PLANE INFORMATION—Sioux Center is located approximately 50 miles from each, Sioux City, Iowa and Sioux Falls, South Dakota, both of which have excellent air service. Rental cars are available at the airports. But we will be glad to meet your plane if advance notice is given to any of the consignors or the sale manager.

Plan to be our guests Sunday evening, November 15th, at the Colonial Motel for a light buffet.

Club Calves

In addition to the one consignment of club calves, the large number of calves selling at foot of their dams are ideal for 4-H and FFA club members. In the past, juniors have had great success with their steers and heifers from the Marlboro herd, the Diamond H herd and the Oetken herd. Note that there are 50 calves selling at foot in this sale.

Good Cattle—Good Land
Good Cattle on The Land

We have always thought dispersions were for others but not for dedicated breeders like ourselves who will always have Shorthorns.

But times and circumstances change. At Marlboro my wonderful parents—Florence and Bill—together with my uncle, Bill Rask, all take care of the cattle, although they were originally my project exclusively. Today, Father is facing his 75th birthday on the farm where he was born. Mother, unfortunately, has lately developed a lung condition that no longer permits her in summer pastures or winter hay barns.

Three more dedicated Shorthorn breeders have never lived, but it is just too much. Rather than to have the herd outgrow them, we've decided to sell while everything is in good operating order and when the quality has never been higher.

Such a drastic move is made easier by our associations with the good Shorthorn breeders with whom we work daily at The Shorthorn World. These, of course, will continue.

It becomes, therefore, most necessary to write a history of the herd which unavoidable must be somewhat biographical. For too much use of the perpendicular pronoun, we apologize. Who knows where our original interest was sparked. Probably admiration for other successful showmen and youthful exuberance at age nine. Then the farm herd included some rather nondescript, but very friendly, mixed breeds. I was given a steer and a heifer calf—**not Shorthorn.** Two more pampered calves never lived and never won as **little.**

When they were sold, however, the money went into 10 equally scuffy calves from the local sale barn. But they grew and prospered and eventually their 11-year-old owner found himself very affluent. During the period of their fitting I suffered a severe broken arm—amputation was a near thing and I still carry the scars. After some months in the hospital, however, a long trip was recommended. (I always thought it was more to soothe my beleaguered parents than to repair their eager son who really didn't fully realize the seriousness of the situation.)

The three-week trip was great—scenic and western—and one that I wish I had time to make again today.

The rub, however, was caused by a woman, as usual. As an eleven-year-old I had been only too glad to clean stalls for the "big open class exhibitors" in exchange for whatever wisdom I could pick up.

The very first of my mentors and guides—and there were to be many—were Bob Dewar of Cherokee, Iowa, and his cheerful daughter, Belle. They were patient and I was willing. So I learned. It was Belle, an old friend of Otto Thiede of Nebraska, who recommended his club calf sale.

Accordingly, while enjoying myself thoroughly on my western vacation, I kept the Thiede calf sale firmly in mind. To get there, my parents drove non-stop nearly 18 hours from the Far West. The result was Village Beauty 13th and a cheap steer—which taught me the value of quality. He didn't cost much, but then he never finished, never won and never made much of a profit.

Village Beauty 13th was something else again. She won. She produced. She made money until she died at the advanced age of 13. You can buy her descendants on November 16 as "Lady Barbaras". (That's a name change caused in 1957 by a young lady of the same name who has been Mrs. Simons for the last 10 years.)

From then on there were many memorable days. My great friend and the laird of Diamond H, Russell Held, once owned a pair of twin heifers. I bought one—Proud Augusta 3rd—while he kept the 2nd. That was my first meeting with Russell in what was to develop into one of my most valued friendships. He offered to deliver the first-prize winning heifer **free** to the farm, about 12 miles from the old Sioux Empire Farm

Show where I bought her. I rode in the truck with Russell and his humorous cousin, Tom. When we came to the intersection off the highway, the roads were so muddy as to make progress by his big truck impossible. The heifer was unloaded and I walked her home through the mud.

Later she won handsomely, but she died mysteriously after giving us three daughters, each of which also was a champion. Today, the Augustas of Marlboro fill the herd. They're all big, long, trim females, like the founder of the line and we recommend them.

The following year came Mayflower 30th, also from Held. She combined the best of the Tomson Mayflowers and the old OAC Ransom line. She too won. A daughter and many granddaughters fill the herd. They are females of great femininity, adequate size and very rapid breeding ability. Rebecca of Marlboro is a direct daughter and she is going strong at 13 years. She sells and someone will buy her cheaply, but wisely.

Then came the first tragedy, a short-legged female bought in South Dakota that fit the type of the day, "a box on four, short legs." She was perhaps the best dispositioned female we ever owned and also the most genetically dangerous. She won the show circuit for years, but even in those distant days we knew she was very wrong. Her first calf was a crossbred and big, obviously. Her next was the closest thing to a dwarf I've ever seen, and it was far closer than we liked. Eventually life caught up with her and she couldn't deliver a calf. By the time of her death, however, we owned several of her daughters. All were slaughtered immediately. We learned our size lesson and a big lesson in genetics at the same time. It cost, but it was worth it.

Then came a more fortunate purchase in Mina Princess 3rd that gave us many big, strong females. She, herself, was an old cow when we bought her from Art Duncan, Flandreau, S. D. Subsequently, his son, Gary, has purchased and won with several Marlboro females and steers.

By 1957 the herd had grown from these purchases and one or two others to about 60 cows. The 4-H awards crowded out the house and we were away at college full time. Feeling it was unfair to show a so-called "open class" herd as 4-H material and care for them only three months a year, we retired from showing at 19. Before that time, however, we won our share at South Dakota, Minnesota and Iowa state fairs.

There were many good times then, and we can't recount them all. Father still enjoys remembering his grand entry at the Mower, Minnesota County Fair in Albert Lea. I had to stay in Sioux Falls for an awards ceremony at the Sioux Empire Fair, so he was forced to go ahead with the cattle. They arrived just as a large grandstand audience crowded the midway about midnight. The only entrance to the cattle barns was directly through the midway. Thus he proceeded with 12 Shorthorns, a truck with a prominent Marlboro sign, a vast load of tack on the overhead deck—and a full police escort to open the way! Dad will never forget it and I wish I could have seen it!

At another show the same year, a friend and I—both about 17—worked feverishly to set up a good display, clean the cattle, move in the tack, etc., all in about six hours to be ready for an evening show. As we entered the ring with the first bull—a two-year-old in whose class we were told that the other exhibitors (all older, if not more professional showmen) had agreed to divide the placings and "show from the book".

I was furious. All that work and lack of sleep for nothing! I refused. FLATLY! So the show went on and we cheerfully won every class and every championship. (It may have been a hollow victory, however, since the judge had been quickly pressed into service from the dairy show in the next ring!).

There was the time, years before, when I was helping Russell Held show cattle. That was the year he had three 14-year-old herdsmen and it must have been trying even on his great patience and sense of humor.

The day at the Mason City, Iowa, fair had been difficult. Trucks mired in mud.

The accommodations were awful and the arrangements worse. Further, we traveled with 16 head and four nurse cows.

After cleaning out the big truck and setting up the cots at midnight, we climbed into the truck. Too tired to carry a pair of shoes in a brown paper bag to the back of the truck, I threw them. Unfortunately, Russell's new radio was in a similar paper bag. I'd taken the wrong one. The radio crashed to pieces against the side of the truck. To his everlasting credit, Russell only sighed delphically and rolled over on his cot. (I never have paid him the price of the radio. Miraculously, it worked the next day.)

They were great days, filled with achievement, hard work and good fun. When the cattle were finally tied out, it was time to gather, briefly, around a show box and listen quietly to the men who were to be my tutors. Lucily they were some of the best in the business.

HOMER DUEA was the respected herdsman at S. A. Donahoe's Don Hill. His internationally famous Don Hill Bertha, I fed, groomed and exercised many a time.

BELLE and BOB DEWAR were patient beyond comparison. They took the time to teach. It was an invaluable experience. I still treasure their letters with all the "how-to-do-it" information.

RUSSELL HELD was, of course, the best of the teachers. It would be overly sentimental to tell all he has done for us—then and now.

DEWEY LUNSTRA and his marvelous family were good friends and teachers and still are. He's the only man in the world who can call my wife "Barbie" (a nickname she usually ignores) and see her smile.

ROGER MEGARD—Though older by a few years—was and is a cheerful friend and rival. We learned together. His Clarice is something special.

And our great, good friend AL HAMANN and his wife, "SIS". He was the first to recognize in print in a 1952 Shorthorn World story that we existed and we still have the clipping. It's been close to a quarter of a century since we met Al and in the whole time we've found him nothing but honest, astute, reliable and cattle-wise. People have often asked why I, of all people, need a sale manager. No one needs one more for his own cattle, and Al has been unfailing.

Actually, it had all started years before when a friend of Father's, Olaf Tuntland, drove down one evening and discovered my Shorthorn interest. He had an attic full of Shorthorn World's and on the next trip he brought them all. I'll never forget arranging them in my room in stacks by years and beginning to read them all—word for word.

At the end of the long, blustery winter I had my own subscription and so came the news of the Femco Dispersion sale and of a highly acclaimed young calf.

He was just a scuffy 10-month-old, but his dam was great and he was by the immortal Erimus Emeritus. When I saw him, I was crestfallen. He was small, he was stringy and he had a crooked nose. Al Hamann, however, said "buy him" and I had pre-sold myself.

Femco Erimus was touted as a junior herd bull and was third into the ring. The bidding progressed slowly until it was just me and a kindly grey-haired lady sitting behind me. Finally, she leaned over, tapped me on the shoulder, and said, "He's yours, my boy." So I had Femco Erimus.

I didn't officially meet that great lady until the fall of 1963 but today Letty (Mrs. S. G.) Bennett of Scotsdale is one of our cherished friends.

Erimus did well despite a name that Acadia's Betty Royon was to call "like a terrible kidney disease." He was our first open class grand champion in major competition. But the glory did not last long. On his second birthday he was out of the barn and by evening was dead—the victim of an icy spring in the pasture. Two days later I received a letter from a leading breeder who had seen him at the summer shows, offering $3,000 for him. Oh well, I doubt I'd have sold anyway and life is full of tantalizing "might have beens".

Erimus gave us only a few calves and no trace of his blood is in the herd today, but it would be a better herd if it were.

The herd was growing rapidly and we needed another bull. At that time Clint Tomson had bought Westdrums Viceroy as reserve senior champion of Perth for Russell Held. In due course Russell swept the 1955 International with the Viceroy progeny. The best of them were Augusta Pam and Viceroy's Dreadnaught. Dreadnaught became ours at the 1956 Iowa Royal.

He was a bull of great size, thickness, and (as Father says), "a rear-end like a retired schoolmarm". He produced long and well and his thickness and red meat are available through daughters and granddaughters in the sale.

Then came Northwestern University for me—aided by scholarships in which the Shorthorns played a considerable part.

In the fall of 1959 Barbara and I (with financial help of my Aunt Kari purchased three heifers from Russell including the magnificent Secret Sarah. She was a thin, young, timid yearling then. Now she's the big, strong matriarch of the herd and the founder of our most prolific and best line of females.

Her first calf was a white bull for which we had a check for $2,000 at seven months.

Then came the deluge. It was diagnosed as Brucellosis! We lost most of the herd including Viceroy's Dreadnaught and all but two of the old cows. Sarah and an Augusta were saved, a tribute to their stamina...

That was the year we were married and the blow was almost ruinous.

Again, Russell Held came to the rescue. He loaned us both Perfect Newsboy and Royal Prince until we could afford something else.

By that time life had happily brought us to The Shorthorn World and in the fall of 1963 we were again looking for a bull. Acadia had the answer in the big Acadia Napoleon 101st that weighed 930 pounds at 11 months and more than 1,000 pounds at a year. Today he's sired more than 300 calves at Marlboro and he weighs more than a ton.

At the same time came the ill-fated Louada Craftsman that died in a fall when siring his fourth calf. There is none of his influence left now, but he sired a bull that more than paid for him and a daughter that won her class at the Iowa State Fair.

Then, of course, came Westdrums Wayfarer, Bilmar Preferred Diadem, and Gloriadale Supreme x. See their footnotes for full details.

At this same time it became apparent that polled cattle were to be very important to the breed. So we began to buy.

First came the beautiful Windholme Marchioness 2nd x, from one of the biggest cows we have ever seen.

Then there was the top female from the Springwood sale and a prize winner at Chicago, Springwood Lancaster 4th x. There have been many other great ones and we refer you to their footnotes.

Even though this is probably our last sale, it is not our first because it is our sixth sale. In 1965, 1966 and 1967 joint club calf sales were held with our good friend and neighbor, Nils Aspaas, of Baltic, S. D. at Sioux Falls, S. D. In 1968 and 1969 joint production sales were held with Russell Held at Sioux Center, Iowa.

The Shorthorns have been good to us. They paid for a valuable college education and have provided a wonderful way of life for three generations of Simonses. They helped us to ownership of the oldest breed magazine in North America and to friendships with people on five continents who believe in a great breed of cattle.

This biography would not be complete without a tribute to my parents, Florence and Bill. They love the cattle as do the rest of us. And to my Uncle Bill Rask who has been the most loyal herdsman one could ask. And to my Aunt Kari who loaned us money when no one else would, or should. Each deserves an innerspring cloud and a self-playing harp.

So now it's over. The decision is made easier only by the fact that we work daily with so many fine Shorthorn breeders and their own good cattle.

There probably will always be Shorthorns at Marlboro. Mom and Dad will stay there where he was born, 75 years ago. The landwill be rented except for the pasture. Probably we will run Shorthorn steers from spring to fall on our hard South Dakota grass.

Our children are required to sell their cattle in this sale so that it may be a true, complete dispersion. They are also permitted to bid on any female in the catalog with their own money. In other words, family or not, it's strictly business. And, let me assure you, young Bill and little Barbara have the jump on you—they know which are the best.

Aside from Bill and Barbara's one or two head in the future, we do not logically foresee another Shorthorn herd at Marlboro. We devotedly hope there will be one, however.

From the Sale Manager

Three years ago the Diamond H - Marlboro sale was established with a long range program of annual sales for many years to come. But circumstances and times change.

This year it will be the Marlboro Shorthorn Dispersion and a Diamond H Production sale. Dispersion of the Marlboro herd is as unexpected to Marlboro as it is to everyone.

No one had a greater love for Shorthorn than Harris Simons and his good family. No one started younger and brought more energy, achievement and real talent to the Shorthorn industry than he did. Although still a young man he has crowded more activity and accomplishment into 22 short years than most in a lifetime. In establishing the Marlboro herd, he built carefully and he built well. Today the Marlboro herd is an outstanding group of modern, productive Shorthorns and Polled Shorthorns of correct individuality and breeding.

Everyone will readily understand, without reservations, the reasons for this dispersion after reading the biographical herd history in this catalog. Harris Simons has written this so factually that no truer story was ever written as many who have been familiar with the herd during its entire existence will attest. It would be an imposition to try to tell it better.

Here is real opportunity. It has taken 22 years of intense ambition, careful planning selection and breeding to build the Marlboro herd. Now the results can be yours.

Russell Held's Diamond H offering will be up to and superior to its usual high standards. Few herds can claim five greater active herd sires than Diamond H in Bilmar Atlas Diadem, Rothney Comet x, Rothney Wildfire, Rothney Constrictor and Rothney Dalbeattie. All champions. The get and service of all is offered. Especially attractive will be many heifers bred to the popular, five times undefeated champion, Rothney Dalbeattie. The Diamond H herd dates back to 1887. Considering this background, reputation and great herd sires, here again is real opportunity which can be yours.

Warren E. Oetken, making his first consignment to a Shorthorn sale of 6 good, useful cows and 10 outstanding calves by top sires has carefully established a good Shorthorn herd the last several years. These desirable Shorthorns can also be yours.

Take advantage of these opportunities on November 16.

Albert J. Hamann

Welcome to Marlboro

Harris Simons

Young Bill Simons and calf at Marlboro in 1970.

This dispersion seems as unexpected for us as it is for you and we appreciate all your warm letters following its announcement. Since I am able to spend only a few days a year at the farm, however, and since my father is facing his 75th birthday, the decision was inevitable. It's high time he and my mother were able to take life easier. I'll never know how they managed more than 100 head during the bitter winter of 1968-1969 when we had more than 120 inches of snow at the farm. To take a herd through another winter like that would be more than you could humanly ask of anyone.

Obviously, this decision was only recently and reluctantly made. Otherwise we would hardly have added top females from the April Sutherland sale or the June Four Dees-Fair Acres Sale. The decision, however, is much easier since we know that in the future we will continue to work daily through The Shorthorn World with so many fine Shorthorn breeders and their good cattle throughout the world. In that respect, we are far from being out of the Shorthorn business.

This is a true and complete dispersion. Although both our children and my parents own a few cattle of their own, they will ALL be sold.

The program at Marlboro has always been to sell mature cows in their prime of five or six years and retain their daughters by our own bulls. That was the plan with Gloriadale Supreme x, so that within a few years the herd would have been made up almost exclusively of his daughters. That's the only real way to achieve uniformity and to a large extent, that practice was followed so that large numbers of daughters are in the herd by the most recent stock bulls—Westdrums Wayfarer, Bilmar Preferred Diadem and Acadia Napoleon 101st. Another result is that the average age of the cow herd is just over three years. To be sure, there are four or five old cows and they were retained for obvious reasons of quality. Only a dispersion would ever take them from us.

To our knowledge the herd is in top reproductive condition. Should any female over two years old prove not to be in calf by sale itme, it will be withdrawn and destroyed.

It's been a great 22 years and we'll miss the Shorthorns sorely. We sincerely hope that as the children grow older they will have Shorthorns of their own at Marlboro, but that's a long way off.

To thank everyone associated with the herd should be impossible but a few names are vital. First, of course, my wonderful parents; my understanding wife who loves the cattle as I do; my loyal uncle, Bill Rask, who is as good a herdsman as anyone could ask and my aunt Kari who loaned me money at the outset of the herd when no one else would have considered it. Support from our great friends Russell Held and Al Hamann, our sale manager, cannot be bought and is warmly appreciated. They are true "Breed Builders" and wear the title well.

We hope you can be with us on November 15 to inspect the herd at Sioux Center and join us for refreshments that evening. The herd record books are completely open and we'll be glad to give you any information you require on the production of each female.

As usual, we are joined in this sale by Russell Held, and this year with a guest consignment from Warren Oetken. We recommend their cattle as we do our own.

Les Mathers taught us years ago that in a good business deal both buyer and seller profit. We are confident November 16 will be a profitable day for everyone concerned.

Sincerely,

Harris Simons

BILMAR PREFERRED DIADEM—He was purchased at the $6,000 top of the 1967 Bilmar sale and was worth every dime of it. He's by Calrossie Diadem himself and his dam is the magnificent Acadia Princess Regia. She's a Cruggleton Princess Royal by Calrossie Troubadour. Troubadour also sired PS Troubadour, 1956 International grand champion steer over all breeds and an International reserve grand champion bull for Acadia Farms, Northfield, Ohio. Preferred Diadem was a particularly long bull with great thickness and character. He was used liberally since his arrival at Marlboro and his first daughters now have calves at foot. Many of the calves selling at foot of their dams are his and they're a good lot. Unfortunately, he acquired a kidney infection and had to be destroyed in May. He was to have been followed at Marlboro by his best son, Marlboro Jovial Diadem. He, of course, will sell as well as Lot 3.

WESTDRUMS WAYFARER—Westdrums Wayfarer was purchased from Bilmar Farms after a long and successful career there. He was first prize winner at Perth, Scotland, in 1960 the same day his half brothers were best group of three and best group of five bulls. He is by Uppermill Leopold that also sired the International grand champion Dandy of Westdrums x, AAA, that sold to Windholme Farm, Orange, Va., at a record $18,000. Wayfarer was three times "sire of the Year" in Michigan and sired dozens of champions and All-Americans for Bilmar. One of his first calves born at Marlboro was reserve grand champion steer over all breeds at LeMars, Iowa. Wayfarer was lost in 1968 so the seven daughters selling represent the last opportunity to buy his females.

ACADIA NAPOLEON 101st—He was imported from Cyrus Eaton's Deep Cove Farms, Upper Blandford, Nova Scotia, at 11 months when he weighed 963 pounds. He's by Deep Cove Napoleon 3rd that sired the $3,300 reserve grand champion of the Canadian International Bull sale the same day a $2,000 half brother was a class winner. Together, they were best pair of bulls. His dam, Canard Madge 2nd, is one of the biggest and best cows at Deep Cove. The 101st has sired numerous winning steers including one at the 1966 American Royal, and two interbreed reserve grand champion steers at LeMars, Iowa. In 1966 every 101st steer calf sold from the herd was a champion of purple ribbon winning club calf! The 101st himself weighs right at a ton on pasture as a six-year-old and is classified high AA by the American Shorthorn Ass'n. He's particularly long and most agree he's the modern type. Sixteen females by him sell.

Lot 1 **GLORIADALE SUPREME X** **Bull**

GLORIADALE SUPREME x3235-414 x-407987-

Red, calved June 20, 1963. Bred by Gloriadale Farms, Ltd., Port Hope, Ontario, Canada; owned by Harris Simons, Brandon, South Dakota. RE VJF21U.

Freda Souchong x2887899 Red, Hi Ho Farms		
Forest G. Souchong 20 x2673836 Red, J. M. Fishpaw & Son	Cherry Hill Royal Victor x Red, H. L. Straus	
		Forest Glen Souchong 15 x Red, J. M. Fishpaw & Son

GLORIADALE SUPREME—x—He was purchased the night of our 1969 sale from Frank and Louis Dempster, Arlington, Iowa, where he had been in service for five years. Originally he was the top Polled Shorthorn bull of his year at the Canadian International Bull Sale in Brandon, Man. He is by Gloriadale Meteor 5th x that was originally selected to found the Bapton Polled Herd in Scotland, but he was never exported due to international health requirements. Meteor 5th x is backed solidly by some of the best Polled Shorthorn lines in the world including Birmingham Nugget x, Millhills, Calrossie Leader 2nd and the Mayflower and Daybreak families. His dam, Freda Souchong x, was the top open heifer of a Hi Ho sale where she was purchased by Mrs. Rom Philp of Gloriadale. The cow is still producing at Gloriadale at 16 years and must rank as one of the best of the breed. Supreme himself was a top bull on official Ontario performance test gaining 3.25 pounds a day. Moreover, his sons and daughters at the Demptsters are, we believe, the right kind for today's demand, big long clean and well-muscled. His daughters were the top-averaging group in the 1969 Stirm-Demster-Savage sale. His sons have gone to leading herds including Melbourne Farm, Big Rock, Ill., and Shea Shorthorns, Metamora, Ill. Perhaps most important of all, Gloriadale Supreme x has never sired a horned calf. We do not guarantee him to be a 100 per cent dehorner, but it is most unlikely that any of his calves will ever have horns. Supreme is active and vigorous and serves well. His first calves born at Marlboro will sell at foot and about 40 females carry his service. We recommend him as highly as any animal we have ever sold because we feel he has a definite place in the Polled Shorthorn business. There are far too few good polled bulls available and his dehorning ability is priceless, especially for those Shorthorn breeders now wanting to breed polled cattle as well. Full interest and possession sell.

MARLBORO EXCHEQUER

Lot 2 **Bull**

MARLBORO EXCHEQUER 3418-092

Red, Robert Moubray

MARLBORO EXCHEQUER—We are proud of this son of the International reserve grand champion Aberfeldy Exchequer. He came in dam from the 1968 Aberfeldy sale where we purchased his excellent mother, a daughter of Aberfeldy Captivator that sired most of Aberfeldy's recent show winners. She's from the Clara Tress family that Aberfeldy originally imported from Naemoor in Scotland. Exchequer is a big bull of great character, smoothness and fleshing ability. He has been used and found to be a sure breeder. His pedigree is matchless and his overall quality and conformation recommend him.

MARLBORO JOVIAL DIADEM

Lot 3 — Bull

MARLBORO JOVIAL DIADEM 3418-088

SECRET SARAH—There aren't enough adjectives to describe what we feel is the best cow in the herd. At 13, she's still in great shape and produces well. Why Russell Held ever parted with her, we'll never know, but she came to Marlboro in 1959. She's by Perth reserve senior champion Westdrums Viceroy and out of the imported Harvieutoun Secret Saka by Tarvas Era. The pedigree is gilt-edged with its crosses of Erimus Emeritus, Kirkton Challenger, Kirkton Baronet, Rothes Queen Christina, Aldie Conqueror and Bapton Royal Mail. Sarah's first calf was a great white bull that sold at $2,000 as a baby, only to be tragically lost before weaning. Since then, she has produced primarily heifers and is the dam, granddam or great granddam of 8 females selling. She's officially classified AA at 86.5 points by the American Shorthorn Ass'n and is a model of strength, character, size and muscling. She has lost a quarter, but that doesn't impair her ability to raise a calf. She'll calve about sale time to Bilmar Preferred Diadem. Whoever buys her buys the best female we've ever owned.

MARLBORO SECRET SAKA

Lot 5—Chain 23 — Female

MARLBORO SECRET SAKA 3064-431

MARLBORO SECRET SAKA—The biggest cow in the herd and certainly one of the very best producers. She's the first daughter of Secret Sarah and carries two crosses of the Perth reserve senior champion Westdrums Viceroy. She was growing up when I was away at college so her horns were neglected. The sale is filled with her daughters and granddaughters and she has another great one at foot. This time its an **April 23 red heifer by Bilmar Preferred Diadem (Chain 59)** and she's bred again to Gloridale Supreme x. Don't worry about her age. She's big and sound and, if she's like her mother, she'll produce for many years to come.

MARLBORO SECRET SAL

AUGUSTA OF MARLBORO 17th—Westdrums Wayfarer was known for his magnificient daughters of great size, substance and thickness. That's why we bought him. Not only were his females big, but also they had the muscle so urgently sought in the Shorthorn business today. This is a female we value highly for her pedigree of big cattle and for her beautiful conformation. She is easily our best daughter of Westdrums Wayfarer. She was bred November 26 to Gloriadale Supreme x.

REBECCA OF MARLBORO—One of the oldest cows in the herd, she's also been one of the best producers. She's by the International third prize Viceroy's Dreadnaught and out of his maternal sister. Mayflower 30th was one of our first and best show heifers and this was her second calf. Rebecca first calved at 18 months and has never stopped working. Accordingly she's far too small, but she doesn't breed that way. Study for yourself her daughters and granddaughters selling. **She has a big roan heifer calf by Bilmar Preferred Diadem born April 23 (Chain 96)** and is exposed again to Gloriadale Supreme x. Please note that she has two bad quarters.

Lot 18—Chain 42 — Female

MARLBORO MAYFLOWER 9th—This is young Bill Simons' heifer and he had to learn to cope with tragedy at an early age. She was to have had one of the first Gloriadale Supreme x calves, but it was a bull and just too big so it was lost. The female, however, was not damaged in any way and will probably be safe in calf to Supreme again by sale day. She's a beautiful daughter of Westdrums Wayfarer and out of a good cow that sold in the 1969 sale to Robert Sherrad, St. Ansgar, Iowa. These Mayflowers have been good for generations for Tomson Brothers, in Kansas; Russell Held in Iowa; Gloriadale in Canada; and all the others fortunate enough to own them.

MARLBORO MEADOWSWEET 2nd—Everyone chooses this daughter of Acadia Napoleon 101st as one of the most modern in the herd. She's big, long, level and very clean in her lines. She's from a family that has always done well at Marlboro. Only a five-year-old, she's nursing her fourth calf, **a polled bull by Gloriadale Supreme x born August 18.** He is the strongest calf at birth we have ever seen and was nursing within five minutes of being born. This is an exceptionally big calf and has all the marks of making a stock bull. The first son of Meadowsweet 2nd was Marlboro Rothes King that stood next to the champion at the 1969 Sioux Empire Farm Show. Her 1969 daughter also sells. Pasture exposed to Gloriadale Supreme x.

CLOVELLY FLOWER GIRL 88th—She was our choice of the 1969 Strathmore-Millar Sale females, Keene, Ont. Everyone has a right to a bargain and this is one of ours. She's grown into a big, long female that is very level, trim and clean in her lines. She's a bit thin in this picture, after nursing her first calf through a very hot, dry summer, but she'll come back to herself before long. Her sire was one of the biggest sons of Louada Bequest that, in turn, was one of the biggest and best sons of Bapton Constructor. Aircraft's dam, Anice Beauty, is one of those magnificant A. J. Marshall cows that were known for generations for their size and substance. Cruggleton Braemar hardly needs an introduction. This Flower Girl family has been prominent in Canadian herds for years and produced an International grand champion for Grant Campbell. The full sister to this young cow in Canada is described as a magnificent female. She must be because when we tried to buy her sight unseen she was priced at $2,000! **Sells with a red roan heifer calf born July 8 by Lakeview Apogee (Chain 60)** and is served again to Gloriadale Supreme x.

V M SHIRLEY BROADHOOKS—She came from our good friend Bill Van Meter, Elkhart, Ill., among the tops of the 1969 Sangamon District Sale. She's a magnificent female by the International Supreme champion Leveldale Princeps, one of the best breeding bulls of the last decade. His daughters did well for everyone who owned them. They are big females of great substance and character. Her dam is by the International junior champion Elmcrest Diadem and the granddam is the imported Crichton Shirley Broadhooks by Calrossie Legend that also sired Leveldale Peerless. Only a four-year-old, she has her best years ahead of her. **At foot is an outstanding heifer calf by Prairie Creek Diadem 2nd. She has a red roan born April 8. (Chain)** Pasture exposed to Gloriadale Supreme x.

Right: ABERFELDY BROADHOOKS RUTH and bull calf.
Left: MARLBORO ELIZA 2nd and heifer calf which is Lot 38.

ABERFELDY BROADHOOKS RUTH—Here's a hard-working daughter of the International reserve grand champion Aberfeldy Exchequer. Another son and daughter also sell and they're good cattle of size and thickness with wonderful fleshing ability. The dam is an imported-in-dam daughter of Calrossie Tradewind used successfully at Fair Acres Stock Farm in Minnesota. The granddam was one of the all-time great females that sold in the 1962 Leveldale sale to Kickapoo at a high figure. This three-year-old is thin from nursing her second calf, but she'll be a good investment for anyone. At foot is a first class **bull calf by Bilmar Preferred Diadem born June 11 (Chain 84)**. The cow is served again to Gloriadale Supreme x.

BROADHOOKS MABEL

BROADHOOKS MABEL—Ted Aegerter and I tried to outsmart the buyers at our 1968 sale in chosing the best open heifer from Russell Held. You judge how well we did. Her first calf was a steer that will be shown at the American Royal this fall. She's by the many-times-champion and All-American Proud Piper that was by the $4,100 Calgary champion Rothney Kinross and out of the 13-times grand champion Augusta Pam, perhaps the greatest show cow in the midwest in the last decade. Mabel is out of a daughter of the Calgary champion Rothney Masterstroke. Scotsdale Etty Broadhooks was the huge cow that was the $3,000 top of the "Sale of Stars" in Toronto. You couldn't ask for a better pedigree on a big, young heifer that produces rapidly and well. Only a three year old, she'll calve soon to Gloriadale Supreme x.

BOLL WEEVIL DALLY CLARA 4th—Seldom do you have the opportunity to buy magnificient females like this one and we sincerely hope she gets a good home. She was purchased as an open heifer in the 1967 Bilmar Sale from Mrs. Hugh Fenwick's Boll Weevil Plantation, Waynesboro, Ga. She's by the immortal Calrossie Diadem himself and must rank as one of his biggest daughters anywhere. Her dam is the famed Peglers Dally Clara from the imported Saltoun family. Cruggleton Peglers females in the Boll Weevil herd are among their very best and annually produce members of the show herd. Her 1969 daughter sells separately and she has a January 13 steer calf at foot by Acadia Napoleon 101st. Served again to Gloriadale Supreme x.

ABERFELDY CLARA TRESS 8th—For some reason we missed getting a picture of this female but come expecting to see a good one. She's among the best in the herd. She's by the AAA Aberfeldy Captivator that sired dozens of International champions, gets-of-sire and All-Americans including the International supreme champion Aberfeldy Heir. The dam is the great show cow Aberfeldy Clara Tress 2nd by Calrossie Forward March. It was the Captivator-Forward March-cross that produced most of Aberfeldy's recent show winners. This cow is the dam of Marlboro Exchequer, also selling, and of a **March 21 heifer calf (chain 11) by Bilmar Preferred Diadem.** We recommend her as the kind of cow only available in dispersions. Exposed to Gloriadale Supreme x.

Lot 31—Chain 48 — Female

WILLOW LEE FLOSS 6th—One of the oldest cows in the herd, she's stayed because of her rapid production of top calves. Here's a pedigree hard to match these days. Consider the improving influence of Willow Lee Wonder 17th, Drynie Wonder, Naemoor Immaculate, Drynie Conquest and this great Drynie Floss Family. This cow is classified high AA by the American Shorthorn Ass'n and calves every year in March. **At foot is a roan heifer calf by Bilmar Preferred Diadem born March 16.** You'll see that the calf has been nursed well even though the cow has one bad quarter. Exposed to Gloriadale Supreme x.

BOLL WEEVIL VIOLET 2nd

MELBOURNE MISS RAMSDEN 2nd—She's the most expensive cow ever purchased for Marlboro from the tops of the 1968 Melbourne sale. She's by Calrossie Diamond that was full brother to Calrossie Diadem, both of which sired International champions and first-prize gets-of-sire. Her dam is the beautiful, imported Calrossie Milly Ramsden by Calrossie Hyperbole. Calrossie Highland Piper was the $26,000 top of the 1952 Perth bull sale and very successful stock bull at Rothney Farms, Calgary, Alta. This cow is the dam of Melbourne Railton, stock bull for Scofield Ranch, Austin, Texas. Only five, she has her productive life before her. At foot is a **DARK RED HEIFER CALF BORN MARCH 29, 1970 BY BILMAR PREFERRED DIADEM.** (Chain 39) Exposed to Gloriadale Supreme x.

MARLBORO LADY BARBARA 5th—You'll like the size of this good two-year-old by Wessdrums Wayfarer. She hasn't come into her own yet, but you can buy her with every confidence that she'll grow into one of the biggest females you've ever owned. Her granddam, Village Beauty 13, is the first heifer we ever owned and she produced to a great age, mostly bulls. The family is properly called Village Beauty, not Lady Barbara, but whatever you call them, they'll produce rapidly and well. Dewey Lunstra bought her dam in our 1968 sale. **She has a red bull calf born August 12 by Bilmar Preferred Diadem (Chain 73)** and will be served to Gloriadale Supreme x before the sale.

MARLBORO CLIPPER QUEEN 3rd—Over the years we've owned many females from the Thiedes of Nebraska and Clipper Queen 10 was perhaps the best of the lot. She sold in the 1969 sale to Howard Karvarna of Iowa. One daughter was champion 4-H heifer for Gary Williams, Dell Rapids, S. D. Another won her class in the 4-H show at the Iowa State Fair for Jeff Connell, Muscatine, Iowa. Another steer calf was shown successfully by Gary Junck, Hinton, Iowa. Her Westdrums Wayfarer daughter was perhaps his biggest heifer. The late Otto Thiede thought highly of this imported Cruickshank Clipper family. We cannot recommend this good young female too much. She was served to Gloriadale Supreme x on August 3.

S & S ROSEBUD 10th—Perhaps the best open heifer selling, she's certainly the biggest. She's by Aberfeldy Habitant whose progeny dominated all the shows in 1969. Her dam, also selling, is a big strong cow and a top producer. This heifer is extremely long and very trim with plenty of muscle. At the same time she has a beautiful head and great balance. She could make a winning show heifer for anyone. Sells open.

CIRCLE L ROAN LADY LEONA—She was the best open heifer in the 1969 Dewey Lunstra sale and she must be a good one since Dewey offered us a profit for her this summer! At the time, however, she wasn't for sale. Her sire is one of the best sons of Basildon Premium and is out of one of the extreme top cows in the Melbourne herd. The Leveldale Blood Bank females at Circle L were always among their best. She'll calve soon to Gloriadale Supreme x and may be served to him again before the sale.

S & S ROSEWOOD 17th—This top female came from the 1969 Shea Production Sale in Illinois and had been in their successful show herd that dominated most of the 1969 shows and included three of the International first-prize gets-of-sire! This heifer is by the very successful show bull Aberfeldy Habitant that sired the 1969 International grand champion female and so many other winners. This heifer and the champion sold in the same sale and were almost a matched pair. Just two in late July, she's easily the biggest two-year-old we've ever owned and she's a model for "size with quality." **She's nursing a red heifer by Sutherland Welcome born July 29 (chain 26)** and is exposed again to Gloriadale Supreme x. This is one of the best two-year-olds that will sell in 1970.

MARLBORO GOLDEN CHAIN 4th—One of the oldest and best daughters of Westdrums Wayfarer, she's from one of the biggest and best cows ever at Marlboro, as well as she should be. The dam sold in the 1968 sale to GAREITH RENKEN, JR. of LE MARS, IA. At the time she was five and had her fourth calf at foot. This is a grand member of the Cruickshank Golden Chain family from Scotland's foremost herd. You'll like her exceptional size and substance. SELLS WITH A **RED POLLED BULL CALF AT FOOT BY GLORIADALE SUPREME x born August 4.** He's our first. Pasture exposed since then to Gloriadale Supreme x.

SUTHERLAND RANSOM MAID x—Was our choice of the females of the 1970 Sutherland spring sale and we consider her one of the greatest bargains we've ever bought. Her sire, Sutherland Benefactor x, consistently sired big cattle. When we purchased three Sutherland females for Colomeadow a few years ago, two were Sutherland Benefactor x daughters. The Ransom maid family has been pre-eminent in Polled Shorthorns for years and trace originally to the great OAC Mayflower's Ransom that is also the forebearer of our Marlboro Mayflowers. Note that the pedigree shows only three horned animals and every one was a great one—Louada Regalia, Bapton Constructor and Louada Rothes Fragrance. LF Fascination x was an International grand champion and Hilldale Collynie 8th x is one of the foundation bulls of the entire polled branch of the breed today. She's served to Gloriadale Supreme x and her calf will be linebred since Gloriadale Metior 5th x is the sire of Gloriadale Supreme x and the grandsire of this heifer. You'll like her great size, good head with a high poll, and her overall length, cleanness and muscle.

FOUR DEES GIPSY MAID x—She was purchased among the tops of the Four Dees draft to the 1970 "International Holiday Sale" and what a heifer she is. Her sire was perhaps the best bull of his year at the Canadian International Bull Sale where he sold for $3,500 to Four Dees Farms, Allerton, Ill., and to Miles Mann, Woodbine, Iowa. The dam is one of the few polled daughters of Calrossie Diadem. She was a prominent show winner and All-American before selling to Four Dees at $1,900 in the 1967 Bilmar Sale. The Gipsy Maid family is one of the very best at Mrs. George Garvin Brown's Sutherland Farms, Prospect, Ky. Moreover, she's bred to the sensational Four Dees Command 50th x that recently sold to Louada Manor Farms, Peterborough, Ont. Buy her with great confidence.

WINDHOLME MARCHIONESS 2x—This is the first polled female purchased for Marlboro and she's a great one. She came from the Kentucky National where she was a member of Windholme's winning groups. Her sire is the International champion Acadia Napoleon 65th x that has sired most of Windholme's winning show cattle in the last several years. Her dam is one of the good females at Windholme and the granddam, Elmnick Queen x, is one of the biggest cows we have ever seen. Marchioness 2 x is a female of great size and character that we sell with pride. She has a November 18 polled steer calf by Acadia Napoleon 101st that will sell separately and she'll calve before the sale to Gloriadale Supreme x.

LANCASTER OF SPRINGWOOD 4th x—She was the top of the 1968 Springwood Sale at Hammond, Illinois, as an open heifer, as well she should have been. She was a winning show heifer that year and was fourth at the International. Her sire was knwon for his big sons and daughters. She traces twice on the dam's side to the famous Cluny Lancaster family, 12 of which averaged $3,100 in the Marellbar Dispersion. She is nursing a **grand red polled heifer calf by Acadia Napoleon 101st born April 4 (Chain 52)** and is exposed again to Gloriadale Supreme x.

Diamond H. Welcome

We look forward to welcoming all of our old friends and meeting new ones at the Marlboro Shorthorn Dispersion and Diamond H Production Sale.

It is with regret that we realize that this will be our last joint sale with our good friend, Harris Simons. However, the reasons for dispersing his outstanding Marlboro herd are obvious as we realize that times and circumstances change.

Our associations through the years have been most pleasant and we were most happy for him to see fit to use many of our productions for his foundation seed stock. This dispersion will afford many the opprtunity to own the results of 22 years of capable, sincere planning, selection and breeding. Further, it gives us great satisfaction that Harris Simons will remain closely associated with the Shorthorn industry and all Shorthorn breeders through his ownership and publishing of The Shorthorn World.

We at Diamond H appreciate your support in past sales and have made a sincere effort to make our offering stronger than the past years. Our herd bull battery we consider the strongest it has ever been in the long history of our herd. Our newest herd sire, Rothney Dalbeattie has been a great source of satisfaction to us in his five times undefeated championship record at five strong 1970 shows. Since then, he has been used liberally on our sale heifers.

Also, our 1970 show herd did very well which gave us added confidence in our productions.

Since this is our third annual sale, we have dug deep into our breeding herd to come up with an offering that will be a credit to our herd and the sale. Many of the females we should have retained.

Our offering will consist of both Shorthorns and Polled Shorthorns of which there are several lots and quite a number bred to our champion Polled bull.

We are confident that you will like this offering and that they will do well for you.

You are always welcome at Diamond H and hope you will be with us on November 16.

H. Russell Held

BILMAR ATLAS DIADEM—The top selling bull of the year in the 1968 Bilmar sale where he was purchased at $4600 for two-thirds interest. The great bull was International reserve junior champion, twice grand champion of the Kentucky State Fair, grand champion at Ohio and Michigan and three times an All-American. A full sister was Internation reserve grand champion female and another full sister was grand champion female at the Ohio and Kentucy State Fairs. His sire, Calrossie Diadem, also sired the only bull ever to be a Perth champion and go on to the undefeated supreme championship of all British shows. Bilmar Atlas Diadem is a bull of great size and tremendous length yet loaded with quality. This spring, in breeding condition he weighed 2050 lbs. His first calves also showed great size. Eight females in the sale will have calves at foot by him.

ROTHNEY COMET—In this bull we have found what we were looking for in our search for a top Polled Shorthorn bull that would meet the requirements of today's beef cattle industry. He is a bull of great size, length and scale. Good quartered, very smooth, exceptionally sound, clean and trim in the brisket, underline, flank and twist. He was the reserve grand champion and $2,000 sale top of the great 1969 Calgary Bull Sale in horned competition. At 24 months of age he weighed 1640 lbs. on government scales and is still growing. His sire, Aberfeldy Cavalier x an official Ontario Government test weighed 704 lbs. at eight months of age and his sire Gloriadale Cavalier 20th x had an official rate of gain test of 3.06 lbs. per day and was purchased by the Central Ontario Cattle Breeders Assn. His dam was classified AAA. Comet's dam is a big, trim, modern cow weighing 1400 lbs. yet smooth. She is by the great sire Carig Royal Oak x and had another outstanding Polled bull calf in 1969. From a great Edellyn Clipper family, her granddam was out of a $10,000 Edellyn sale top heifer of Calrossie Mercury breeding. Rothney farms have retained semen rights in this great young bull. Eight females carry his valuable service.

ROTHNEY CONSTRICTOR—Was purchased in the 1969 Calgary Bull Sale. He topped our 1969 sale at $3,000 for two-thirds interest and possession to R. Lee Johnson of Fredericktown, Ohio while one-third semen rights were retained. This bull had a great show record. He was grand champion bull at the Minnesota State Fair, South Dakota State Fair, Ohio State Fair, Sioux Empire Fair and the Eastern National. He was reserve grand at the Penn National, and reserve senior champion at the International. Backed by the very best of breeding he is a bull of great size and scale. He weighed over 1600 lbs. at 24 months on government scales. A number of our sale heifers will be bred to him.

GUEST CONSIGNOR

WARREN E. OETKEN—MERRILL, IOWA

Warren Oetken is a very enterprising young livestock farmer who has been establishing an excellent Shorthorn herd the last several years.

Until now, he has been selling all of his bull calves as club calves and retaining all his females. The herd has now attained the numbers so that a few females can be spared. Therefore, he is consigning 5 club calves which are registered bull calves, 5 cows with calves at foot, and 1 bred cow, which are cataloged as Lots 93 to 103 inclusive.

The 5 registered bull calves selling as club calves are, as follows:

Lot 99—Newsboy Express 3435-590, Roan, Calved 4-1-70

Lot 100—Jaguar Clipper 3435-592, Roan, Calved 4-12-70

Lot 101—Royal Express 3435-591, Red, Calved 4-15-70

Lot 102—Royal Jaguar 3435-588, Red, Calved 4-18-70

Lot 103—Jaguar King 3435-587, Red, Calved 5-9-70

Lot 93 — Female

CAMPAIGNER BETH—A young cow with a lot of quality sired by Kickapoo Campaigner who was by the Perth winner, Lawton Winner, and she comes from the good Circle L Augusta family. She sells with a **MARCH 5 RED BULL CALF AT FOOT** by Heckland Express, and is again safe in calf. She was pasture exposed from June 14 to June 28 to Heckland Express and after that to K A Jaguar.

Standard Guarantee

Recommended by American Shorthorn Association

A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchasr at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.

F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Bruccellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.

H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
